Placentia City Council

AGENDA REPORT

TO: CITY COUNCIL

VIA: CITY ADMINISTRATOR

FROM: DIRECTOR OF PUBLIC WORKS

DATE: JUNE 4, 2013

SUBJECT: **ACCEPTANCE OF CONSTRUCTION WORK FOR THE 2012 CITY RESIDENTIAL STREET REHABILITATION PROJECT**

FINANCIAL

IMPACT: EXPENSE: \$5,431,776.39
OFFSETTING REVENUE: \$5,431,776.39
BUDGETED: \$5,431,776.39 (ACCOUNT NO.: 333552-6185 J/L 61105, CONSTRUCTION CAPITAL PROJECTS)

SUMMARY:

On June 19, 2012, the City of Placentia awarded a construction contract to the R.J. Noble Company. At the time of contract award and based on final bid prices, it was deemed prudent to reduce the desired scope of work in order to fit the project cost within the project budget. Staff conferred with design engineers and recommended removal of bid alternates C (Zone 5) and D (Zone 7) which totaled 5.7 miles of street centerline. Due to actual project cost savings and the availability of additional funding sources, the City Council recommended on December 4, 2012, that Alternate Bid Schedules C (Zone 5) and D (Zone 7) be returned to the final project scope. The total project encompassed 40.5 street centerline miles of residential roadways. The project allowed the City to repair and rehabilitate over 49% of the City's total residential streets. This action will conclude the project and authorize filing a "Notice of Completion" (NOC) with the Orange County Clerk Recorder's Office.

RECOMMENDATION:

It is recommended that City Council take the following actions:

1. Accept contract work performed by R.J. Noble Company, for construction of the 2012 Residential Street Rehabilitation Project in the total amount of \$5,431,776.39; and
2. Authorize the City Engineer to file a Notice of Completion with the Orange County Clerk Recorder's Office for the project; and
3. Authorize the City Engineer to release retention funds in accordance with the terms of the contract.

1.d.
June 4, 2013

DISCUSSION:

In December of 2011, the City entered into an agreement with Onward Engineering Inc. to prepare Plans, Specifications, and Estimate (PS&E) for the 2012 Citywide Pavement Rehabilitation Project. The overriding design principles established and provided for the project were:

- Save the most roadway segments possible from deteriorating below a Pavement Condition Index (PCI) of 60 in order to avoid deterioration to conditions that require more costly repairs.
- Improvement recommendations to be made based on a Zone by Zone basis using the established 29 residential zones.
- Once a residential zone is selected for rehabilitation, all residential streets within the zone shall be improved.

Based on these guiding principles and the 2011 Harris & Associates Pavement Management Program Final Report, Onward Engineering conducted a design analysis of the entire City in order to identify those zones that would best achieve the City's overall objectives.

The 2012 Citywide Pavement Rehabilitation Project allowed the City to repair and/or rehabilitate over 49% of the City's total residential streets. All the improvements help alleviate long-term maintenance and rehabilitation efforts.

On June 19, 2012, the City Council awarded a contract to R.J. Noble Company, in an amount of \$4,211,154.70 for construction of this project. The project had a total of \$1,554,989.74 in change order work, which includes adding the alternate bid schedules for Zones 5 and 7.

The project completion date will be formally identified on the NOC as May 31, 2013. The City is prepared to accept the contractor's work and file a NOC with the Orange County Clerk Recorder's Office for this project. In addition, the City Engineer is prepared to release \$271,588.86, which is the amount held in retention.

FISCAL IMPACT:

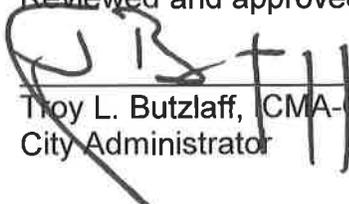

Funding sources for the project included the 2011 Gas Tax Bond, Proposition 1B, Measure M1, and Measure M2.

REQUIREMENTS AS TO NOTICE OF COMPLETION

A notice of completion must be filed for record WITHIN 10 DAYS after completion of the work of improvement (to be computed exclusive of the day of completion), as provided in Civil code Section 3093.

The "owner" who must file a notice of completion of a building or other work of improvement means the owner (or his successor in-interest at the date the notice is filed) on whose behalf the work was done, though his ownership is less than the fee title. For example, if A is the owner in fee, and B, lessee under a lease, causes a building to be constructed, then B, or whoever has succeeded to his interest at the date the notice is filed, must file the notice.

If the ownership is in two or more persons as joint tenants or tenants in common, the notice may be signed by any one of the co-owners (in fact, the foregoing form is designed for giving of the notice by only one cotenant), but the names and addresses of the other co-owners must be stated in paragraph 5 of the form.

Note that any Notice of Completion signed by a successor in interest shall recite the names and addresses of his transferor or transferors.

In paragraphs 3 and 5, the full address called for should include street number, city, county and state.

As to paragraphs 6 and 7, this form should be used only where the notice of completion covers the work of improvement as a whole. If the notice is to be given only of completion of a particular contract, where the work of improvement is made pursuant to two or more original contracts, then this form must be modified as follows (1) Strike the words "A work of improvement" from paragraph 6 and insert a general statement of the kind of work done or materials furnished pursuant to such contract (e.g., "The foundations for the improvements"); (2) Insert the name of the contractor under the particular contract in paragraph 7.

In paragraph 7 of the notice, insert the name of the contractor for the work of improvement as a whole. No contractor's name need be given if there is no general contractor, e.g., on so-called "owner-builder jobs."

In paragraph 8, insert the full, legal description, not merely a street address or tax description. Refer to deed or policy of title insurance. If the space provided for description is not sufficient, a rider may be attached.

In paragraph 9, show the street address, if any, assigned to the property by any competent public or governmental authority.

SUMMARY:

This action is part of an annual process required by law to set fees for collection by the City to perform landscape maintenance within the boundaries of the Placentia Landscape Maintenance District No. 92-1. This action will adopt resolutions necessary to set a Public Hearing on July 16, 2013 to provide for the annual levy of assessments for the District.

RECOMMENDATION:

It is recommended that City Council take the following actions:

1. Adopt Resolution R-2013-___, "A Resolution of the City Council of the City of Placentia ordering the preparation of plans, specifications, cost estimate, diagram, assessment and report pursuant to the provisions of Division 15, Part 2, of the Streets and Highways Code of the State of California, for proceedings for annual assessment levy after formation of a district;" and,

DISCUSSION:

Per Resolution No. 92-R-123, adopted by the City Council on May 5, 1992, the City of Placentia Landscape Maintenance District No. 92-1 was established pursuant to the provisions of the "Landscaping and Lighting Act of 1972," Division 15 of the Streets and Highway Code. The Annual Levy of Assessments is for the purpose of providing landscape maintenance, and means of assessments for maintenance of same in those newly developing areas designated on the Boundary Map of the District, which is on file in the offices of the City Engineer and City Clerk. An Engineer's Report will be prepared as required by law.

The legal authority for setting the assessments in Landscape Maintenance District 92-1 is set forth in the Landscape and Lighting Act of 1972 found at Streets and Highways Code Sections 22500 et seq. and pertinent provisions of the California Government Code. The District is exempt, and not subject to the procedures and approval processes set forth in Article XIII D, Section 4 of the California Constitution enacted by Proposition 218 on November 5, 1996. The reason is that Proposition 218 also enacted Article XIII D, Sections 5 and 5(b) which exempt assessment districts formed prior to November 6, 1996 and which were formed pursuant to a petition signed by those owning all of the parcels subject to the assessment at the time the assessment was initially imposed, provided there is no increase in the amount assessed on a property owner in a particular category from the prior year. In Placentia, District 92-1 was formed prior to November 6, 1996 and pursuant to a petition signed by those owning all of the parcels subject to the assessment at the time the assessment was initially imposed. In addition, there is no increase in the amount assessed on a property owner in a particular category of assessment unit for the FY 2013/14 as compared to FY 2012/13. Therefore, the District is exempt from the procedures and approval processes of Proposition 218 for FY 2013/14.

Two resolutions have been prepared for Council consideration. The first resolution orders the preparation of plans, specification, cost estimate and diagram to prepare an "Engineer's Annual Levy Report". The second resolution provides for the annual levy and collection of assessments, as well as establishes July 16, 2013 as the Public Hearing date.

FISCAL IMPACT:

None.

I. OVERVIEW

A. INTRODUCTION

Pursuant to the order of the City Council of the City of Placentia (herein after referred to as the "City") and in compliance with the requirements of Article 4 of Chapter 1 of the "Landscaping and Lighting Act of 1972" (herein after referred to as the "1972 Act"), being Part 2 of Division 15, Sections 22500 through 22679 of the Streets and Highways Code of the State of California, this Report presents the engineering analysis for Fiscal Year 2013/2014 of the district known as:

Landscape Maintenance District No. 92-1
City of Placentia

The City Council adopted Resolution No 92-R-123 on May 2, 1992, which initially formed the City of Placentia Landscape Maintenance District No. 92-1 (hereinafter referred to as the "District") and confirmed assessments for the first Fiscal Year, 1992/1993. This District, utilizing benefit assessments, finances the funding for the maintenance operation, and administration of a Landscape Maintenance system owned and maintained by the City of Placentia within Zone I and Zone II of the City. Zone I represents those parcels within the existing boundary of CFD 89-1. Zone II reflects those parcels, which are located outside CFD 89-1. Both Zones I and II are calculated in the exact same manner. This report presents the findings and engineering analysis, outlines the proposed budget and assessments for the 2013/2014 Fiscal Year and identifies any proposed changes to the District structure, and provides for the annexation of additional City areas, which have been approved for new development and any substantial changes in the District improvements including the addition of new landscaping.

The 1972 Act permits the establishment of assessment districts by cities for the purpose of providing certain public improvements, which include maintenance and operations of landscape improvements and appurtenant facilities. The 1972 Act requires that maintenance assessments be levied according to benefit rather than according to assessed value.

Section 22573 of the 1972 Act provides that:

"The net amount to be assessed upon lands within an assessment district may be apportioned by any formula or method which fairly distributes the net amount among all assessable lots or parcels in proportion to the estimated benefits to be received by each such lot or parcel from the improvements."

The 1972 Act also permits the classification of various areas within an Assessment District into zones of benefit.

Section 22574 of the 1972 Act provides that:

“by reason of variations in the nature, location, and extent of the improvements, the various areas will receive differing degrees of benefit from the improvements. A zone shall consist of all territory which will receive substantially the same degree of benefit from the improvements.”

Although this District includes a Zone I and Zone II, this distinction is merely a geographical identification of portions of the District and does not represent any variation in the improvements or degree of benefit the parcels receive from the improvements.

IMPROVEMENTS AUTHORIZED BY THE 1972 ACT

As applicable or may be applicable to this proposed District, the 1972 Act defines improvements to mean one or any combination of the following:

- The installation or planting of landscaping.
- The installation or construction of statuary, fountains, and other ornamental structures and facilities.
- The installation or construction of any facilities which are appurtenant to any of the foregoing or which are necessary or convenient for the maintenance or servicing thereof, including, but not limited to, grading, clearing, removal of debris, the installation or construction of curbs, gutters, walls, sidewalks, or paving, or water, irrigation, drainage, or electrical facilities.
- The maintenance or servicing, or both, of any of the foregoing.
- The acquisition of any existing improvement otherwise authorized pursuant to this section.

Incidental expenses associated with the improvements including, but not limited to:

- The cost of preparation of the report, including plans, specifications, estimates, diagram, and assessment;
- The costs of printing, advertising, and the publishing, posting and mailing of notices;
- Compensation payable to the County for collection of assessments;
- Compensation of any engineer or attorney employed to render services;

- Any other expenses incidental to the construction, installation, or maintenance and servicing of the improvements;
- Any expenses incidental to the issuance of bonds or notes pursuant to Section 22662.5.
- Costs associated with any elections held for the approval of a new or increased assessment.

The 1972 Act defines "Maintain" or "maintenance" to mean furnishing of services and materials for the ordinary and usual maintenance, operation, and servicing of any improvement, including:

- Repair, removal, or replacement of all or any part of any improvement.
- Providing for the life, growth, health, and beauty of landscaping, including cultivation, irrigation, trimming, spraying, fertilizing, or treating for disease or injury.
- The removal of trimmings, rubbish, debris, and other solid waste.
- The cleaning, sandblasting, and painting of walls and other improvements to remove or cover graffiti.

CURRENT LEGISLATION COMPLIANCE WITH CURRENT LEGISLATION

In November 1996 voters of the State of California passed Proposition 218, which added Article XIID to the California Constitution that established specific requirements for assessments. Article XIID required that all assessments comply with stated provisions by July 1, 1997, unless an assessment district met certain exemptions. The exemptions from substantive and procedural requirements are set forth in Section 5 of Article XIID and include the following:

"(b) Any assessment imposed pursuant to a petition signed by the persons owning all of the parcels subject to the assessment at the time the assessment is initially imposed. Subsequent increases in such assessments shall be subject to the procedures and approval process set forth in Section 4."

The assessments for this District qualify, under the above quoted provisions, as an existing assessment imposed pursuant to a petition signed by the persons owning all of the parcels subject to the assessment at the time the assessment was initially imposed. As such, the City has determined that the existing assessments are exempt from the substantive and procedural requirements of Article XIID, Section 4 of the California Constitution.

It is the Assessment Engineer's understanding that the City has determined the highest assessment rates used to calculate the annual assessments in years prior to the approval of Proposition 218 and established the maximum assessment rates. Therefore, so long as the proposed annual assessment rates do not exceed the maximum rates established prior to the passage of Proposition 218, assessment balloting is not required. The proposed assessments for the current Fiscal Year may be less than or equal to the maximum assessment rates previously approved and adopted for the District and Zones. Any proposed assessment that exceeds the maximum rates is considered an increased assessment and is subject to both the substantive and procedural requirements of Article XIID Section 4, including a property owner protest proceeding.

As a result of the City Council adopting Resolution No. R-2010-03 on January 19, 2010, the maintenance of the Park will now be the financial responsibility of the District. The Park is completely within the District's boundaries and is used by adjacent residents and due to the proximity to the Park; those residents receive a direct benefit. However, since the Park is a city-wide asset, the General Fund will be covering 50% of the maintenance costs for any General Benefit.

It is necessary to identify the benefits that the City's Landscape Maintenance program will render to the properties within the District.

It has been determined that the improvements provide a specific and special benefit to all assessed parcels of land in the development area. Landscaping and irrigation of street right-of-ways, entryways, islands, sewer and storm drain

easements, areas surrounding existing oil wells and the parkway vistas aesthetically enhances the development area. The landscaped pedestrian corridor along Alta Vista Street also provides pedestrian access throughout the development area. The aesthetic enhancement and use of the parkway vistas increases the desirability of the properties located within the boundaries of the District mainly because of the property's close proximity and accessibility to the improvements. Therefore, maintenance of these public improvements renders a special and direct benefit to the parcels located throughout the District and the levy of a special assessment for the maintenance of the improvements is deemed appropriate.

A. PROPOSITION 218 BENEFIT ANALYSIS

In conjunction with the provisions of the 1972 Act, the California Constitution Article XIID addresses several key criteria for the levy of assessments, notably:

Article XIID Section 2d defines District as follows:

"District means an area determined by an agency to contain all parcels which will receive a special benefit from a proposed public improvement or property-related service";

Article XIID Section 2i defines Special Benefit as follows:

"Special benefit" means a particular and distinct benefit over and above general benefits conferred on real property located in the district or to the public at large. General enhancement of property value does not constitute "special benefit."

Article XIID Section 4a defines proportional special benefit assessments as follows:

"An agency which proposes to levy an assessment shall identify all parcels which will have a special benefit conferred upon them and upon which an assessment will be imposed. The proportionate special benefit derived by each identified parcel shall be determined in relationship to the entirety of the capital cost of a public improvement, the maintenance and operation expenses of a public improvement, or the cost of the property related service being provided. No assessment shall be imposed on any parcel which exceeds the reasonable cost of the proportional special benefit conferred on that parcel."

This District was formed to establish and provide for the improvements that enhance the presentation of the surrounding properties and developments. These improvements will directly benefit the parcels to be assessed within the District. The assessments and method of apportionment is based on the premise that the assessments will be used to construct and install landscape improvements within the existing District as well as provide for the annual maintenance of those improvements, and the assessment revenues generated by District will be used solely for such purposes.

The costs of the proposed improvements have been identified and allocated to properties within the District based on special benefit. The improvements to be provided by this District and for which properties will be assessed have been identified as an essential component and local amenity that provides a direct reflection and extension of the properties within the District which the property owners and residents have expressed a high level of support.

The method of apportionment (method of assessment) set forth in the Report is based on the premise that each assessed property receives special benefits from the landscape improvements within the District, and the assessment obligation for each parcel reflects that parcel's proportional special benefits as compared to other properties that receive special benefits.

To identify and determine the proportional special benefit to each parcel within the District, it is necessary to consider the entire scope of the improvements provided as well as the properties that benefit from those improvements. The improvements and the associated costs described in this Report, have been carefully reviewed and have been identified and allocated based on a benefit rationale and calculations that proportionally allocate the net cost of only those improvements determined to be of special benefit to properties within the District. The various public improvements and the associated costs have been identified as either "general benefit" (not assessed) or "special benefit".

The methodology used in spreading the annual landscape maintenance costs is based on an assessment unit (AU) factor. Each developed single-family detached residential unit is considered to be one AU and is assessed the cost attributed to one AU.

For Fiscal Year 2013/2014, there are 2,182 parcels of property in the District, grouped into one of four benefit classes for assessment purposes, as follows:

Class I - Single family detached residential, including condominium form of ownership of single-family detached dwellings. There are 1,564 recorded parcels on 248.33 acres currently included in this classification as of March 30, 2013.

Class II - Developed Commercial, Industrial and Institutional where a map or a building permit for construction has been issued as of March 15 of the prior Fiscal Year. There are 15 parcels currently included in this classification on 20.12 acres.

Class III - Multi-family residential and attached residential, approved project where a map has been recorded or a building permit for construction of dwelling units has been issued as of March 15 of the prior Fiscal Year. There are 593 parcels currently included in this classification consisting of 1,020 units on 170.51 acres as of March 30, 2013.

Class IV - Undeveloped and all other properties that are not in Class I, II or III regardless if they have been approved for future development or are in the

process of securing development approval as of June 15, of the prior Fiscal Year. There are 10 parcels on 15.43 acres currently included in this classification. Upon issuance of the first occupancy permit these properties will be transferred to Class I.

The assessment method used in spreading the annual landscape maintenance cost is based on an assessment unit factor is as follows:

Each **Single Family Detached Residential Unit** is considered to be one AU and is assessed the cost attributable to one AU.

Multi-family Residential Units are assessed 0.70 or 70% of an AU since they have a higher density than Single Family Detached Units (number of dwelling units/acre). The decrease in assessment is a direct result of the reduced amount of assessable acreage per Multi-Family Unit and the reduction in occupancy per unit.

In converting **Developed Commercial, Industrial, Institutional and other non-residential** properties to AU's, the factor used is based on the City of Placentia average single-family residential density of ten dwelling units per acre. Therefore, the parcels in this Class will be assessed 10 AU per acre or any portion thereof. These properties benefit from the maintenance of improvements because of enhanced desirability resulting from well-kept landscape areas. Improved aesthetic appeal also increases the draw of businesses to purchase or lease property and the increased opportunity to draw clientele.

Assessable undeveloped acreage also benefits from the maintenance and service of the landscape improvements. This benefit comes in the form of enhanced desirability due to the improved aesthetics of the area resulting from improvements. The enhanced aesthetics increases the desirability of the property to future homeowners and future commercial property owners or lessors. However, because the property is vacant, less use will be made of the improvements. It is reasonable to derive that vacant property, when compared to developed property, receives about half of the benefit of developed properties, therefore, the Single Family Residence acreage equivalent used for developed non-residential properties of 10 AU per acre is reduced to 5 AU per acre for undeveloped land.

A summary of assessment unit (AU) calculations for Fiscal Year 2013/2014 follows:

Class I:	1,564 parcels x 1.00 AU	=	1,564.00 AU
Class II:	20.116 acres x 10 AU	=	201.16 AU
Class III:	1,020 units x 0.70 AU	=	714.00 AU
Class IV:	15.433 acres x 5 AU	=	<u>77.17 AU</u>
	TOTAL	=	2,556.33 AU

PROPOSED ASSESSMENT RATE:

$$\$395,898.66 \div 2,556.33 \text{ AU} = \$154.87/\text{AU}$$

Class I Assessments

Each parcel is assessed at one AU:
 $\$154.87 \times 1.00 = \154.87 per parcel

Class II Assessments

Each acre is assessed at 10 AU's:
 $\$154.87 \times 10 = \$1,548.70$ per acre

Class III Assessments

Each unit is assessed at .70 AU's:
 $\$154.87 \times 0.70 = \108.41 per unit

Class IV Assessments

Each acre is assessed at 5 AU's:
 $\$154.87 \times 5 = \774.35 per acre

The maximum rate per assessment unit established for this District is \$154.87/AU. For Fiscal Year 2013/2014 the maximum rate of \$154.87 will be assessed.

AGENDA REPORT

TO: CITY COUNCIL

VIA: CITY ADMINISTRATOR

FROM: CITY ENGINEER

DATE: JUNE 4, 2013

SUBJECT: ADOPTION OF RESOLUTION RELATING TO FISCAL YEAR 2013/14 LEVY OF ASSESSMENTS TO THE CITY OF PLACENTIA STREET LIGHTING DISTRICT NO. 81-1 AND SETTING PUBLIC HEARING FOR JULY 16, 2013 AT 7:00 P.M.

FISCAL IMPACT:

RECOUPED THROUGH ASSESSMENTS	\$134,519.94
SINGLE FAMILY RESIDENTIAL:	\$27.38/PARCEL
COMMERCIAL/INDUSTRIAL:	\$164.28/ACRE
TENTATIVE/FINAL MAP:	\$8.20/UNIT

SUMMARY:

Annually, the City must adopt resolutions setting a Public Hearing to provide for the Annual Levy of Assessments for the City of Placentia Street Lighting District No. 81-1, development of an Engineer's Report and providing for any annexations to the District as proposed. This action will adopt resolutions necessary to set a Public Hearing on July 16, 2013 to provide for the annual levy of assessments for the District.

RECOMMENDATION:

It is recommended that City Council take the following actions:

1. Adopt Resolution R-2013-___, "A Resolution of the City Council of the City of Placentia ordering the preparation of plans, specifications, cost estimate, diagram, assessment and report pursuant to the provisions of Division 15, Part 2, of the Streets and Highways Code of the State of California, for proceedings for annual assessment levy after formation of a district;" and,
2. Adopt Resolution R-2013-___, "A Resolution of the City Council of the City of Placentia declaring its intention to provide for an annual levy and collection of assessments for certain maintenance in an existing district pursuant to the provisions of Division 15, Part 2, of the Streets and Highways Code of the State of California, and setting a time and place for public hearing thereon."

DISCUSSION:

Per Resolution No. 81-R-133, adopted by City Council on June 2, 1981, the City of Placentia Street Lighting District No. 81-1 was established pursuant to provisions of the "Landscaping and Lighting Act of 1972," Division 15 of the Streets and Highway Code. The Annual Levy is for the purpose of providing street lighting, and means of assessment for maintenance of same in those existing and newly developing properties designated on the Boundary Map of the District, which is on file in the offices of the City Engineer and City Clerk.

The legal authority for setting the assessments in Street Lighting District 81-1 is set forth in the Landscape and Lighting Act of 1972 found at Streets and Highways Code Sections 22500 et seq. and pertinent provisions of the California Government Code. The District is exempt, and not subject to the procedures and approval processes set forth in Article XIII D, Section 4 of the California Constitution enacted by Proposition 218 on November 5, 1996. The reason is that Proposition 218 also enacted Article XIII D, Sections 5 and 5(b) which exempt assessment districts formed prior to November 6, 1996 and which were formed pursuant to a petition signed by those owning all of the parcels subject to the assessment at the time the assessment was initially imposed, provided there is no increase in the amount assessed on a property owner in a particular category from the prior year. Since District 81-1 was formed prior to November 6, 1996 pursuant to a petition signed by those owning all of the parcels subject to the assessment at the time the assessment was initially imposed, the District is exempt from the procedures and approval process set forth by Proposition 218.

Two resolutions have been prepared for Council consideration. The first resolution orders the preparation of plans, specification, cost estimate and diagram to prepare an "Engineer's Annual Levy Report". The second resolution provides for the annual levy and collection of assessments, as well as establishes July 16, 2013 as the Public Hearing date.

FISCAL IMPACT:

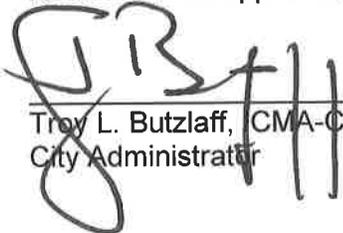

None.

A. Recitals.

(i). The City Council of the CITY OF PLACENTIA, CALIFORNIA, has previously, in 1981 formed a street lighting district pursuant to the terms and provisions of the "Landscaping and Lighting Act of 1972," being Division 15, Part 2, of the Streets and Highways Code of the State of California, in what is known and designated as:

CITY OF PLACENTIA
STREET LIGHTING DISTRICT NO. 81-1

I. OVERVIEW

A. INTRODUCTION

Pursuant to the order of the City Council of the City of Placentia (herein after referred to as the "City ") and in compliance with the requirements of Article 4 of Chapter 1 of the "Landscaping and Lighting Act of 1972" (herein after referred to as the "1972 Act"), being Part 2 of Division 15, Sections 22500 through 22679 of the Streets and Highways Code of the State of California, this Report presents the engineering analysis for Fiscal Year 2013/2014 of the district known as:

Street Lighting District No. 81-1
City of Placentia

The City Council adopted Resolution No. 81-R-133 on June 2, 1981, which initially formed Street Lighting District No. 81-1 (hereinafter referred to as the "District") and confirmed assessments for Fiscal Year 1981/1982. This District, utilizing benefit assessments, finances the cost of providing maintenance and operation of a street lighting system in portions of the City. This report presents the findings and engineering analysis, covers the levy of the annual assessments for the 2013/2014 Fiscal Year and identifies proposed changes to the District structure, including annexations and additions or changes in the District improvements.

The 1972 Act permits the establishment of assessment districts for the purpose of providing certain public improvements, which include maintenance and operations of street lights. The 1972 Act requires that assessments be levied according to benefit rather than according to assessed value.

Section 22573 of the 1972 Act provides that:

"The net amount to be assessed upon lands within an assessment district may be apportioned by any formula or method which fairly distributes the net amount among all assessable lots or parcels in proportion to the estimated benefits to be received by each such lot or parcel from the improvements."

The 1972 Act also permits the designation of zones of benefit for the classification of various areas within an assessment district into different zones.

Section 22574 of the 1972 Act provides that:

"by reason of variations in the nature, location, and extent of the improvements, the various areas will receive differing degrees of benefit from the improvements. A zone shall consist of all territory which will receive substantially the same degree of benefit from the improvements."

B. IMPROVEMENTS AUTHORIZED BY THE 1972 ACT

As applicable or may be applicable to this proposed District, the 1972 Act defines improvements to mean one or any combination of the following:

- The installation or construction of public lighting facilities.
- The installation or construction of any facilities which are appurtenant to any of the foregoing or which are necessary or convenient for the maintenance or servicing thereof, including, but not limited to, grading, clearing, removal of debris, the installation or construction of curbs, gutters, walls, sidewalks, or paving, or water, irrigation, drainage, or electrical facilities.
- The maintenance or servicing, or both, of any of the foregoing.
- The acquisition of any existing improvement otherwise authorized pursuant to this section.

Incidental expenses associated with the improvements including, but not limited to:

- The cost of preparation of the report, including plans, specifications, estimates, diagram, and assessment;
- The costs of printing, advertising, and the publishing, posting and mailing of notices;
- Compensation payable to the County for collection of assessments;
- Compensation of any engineer or attorney employed to render services;
- Any other expenses incidental to the construction, installation, or maintenance and servicing of the improvements;
- Any expenses incidental to the issuance of bonds or notes pursuant to Section 22662.5.
- Costs associated with any elections held for the approval of a new or increased assessment.

The 1972 Act defines "maintain" or "maintenance" to mean furnishing of services and materials for the ordinary and usual maintenance, operation, and servicing of any improvement, including:

- Repair, removal, or replacement of all or any part of any improvement.

- Providing for the life, growth, health, and beauty of landscaping, including cultivation, irrigation, trimming, spraying, fertilizing, or treating for disease or injury.
- The removal of trimmings, rubbish, debris, and other solid waste.
- The cleaning, sandblasting, and painting of walls and other improvements to remove or cover graffiti.

CURRENT LEGISLATION COMPLIANCE WITH CURRENT LEGISLATION

In November 1996 voters of the State of California passed Proposition 218, which added Article XIID to the California Constitution that established specific requirements for assessments. Article XIID required that all assessments comply with stated provisions by July 1, 1997, unless an assessment district meets certain exemptions. The exemptions from substantive and procedural requirements are set forth in Section 5 of Article XIID and include the following:

“(a) Any assessment imposed exclusively to finance the capital costs or maintenance and operation expenses for sidewalks, streets, sewers, water, flood control, drainage systems or vector control.”

“(b) Any assessment imposed pursuant to a petition signed by the persons owning all of the parcels subject to the assessment at the time the assessment is initially imposed. Subsequent increases in such assessments shall be subject to the procedures and approval process set forth in Section 4.”

The assessments for this District qualify, under provision (b) quoted above, as existing assessments imposed pursuant to a petition signed by the persons owning all of the parcels subject to the assessments at the time the assessments were initially imposed with the District funding items that are considered exempt under provision (a) quoted above, specifically street improvements based on the definitions of streets provided by the Office of the Controller for the State of California in the Guidelines Relating to Gas Tax Expenditures published by the Division of Local Government Fiscal Affairs, which defined street improvements to include street lighting.

It is the Assessment Engineer’s understanding that the City has determined that the highest assessment rates used to calculate the annual assessments in years prior to the approval of Proposition 218 established the maximum assessment rates. Therefore, so long as the proposed annual assessment rates do not exceed the maximum rates established prior to the passage of Proposition 218, assessment balloting is not required.

II. BOUNDARIES OF DISTRICT

The boundaries of the District are coterminous with the city limits of the City and are shown on the map entitled Assessment Diagram, City of Placentia Street Lighting District No. 81-1. This map is currently on file in the office of the City Clerk and by reference is made part of this Report. For details of the lines and dimensions of the parcels within the District, reference is made to the Orange County Assessor's Parcel Maps for Fiscal Year 2013/2014, which are also incorporated herein by reference.

III. PLANS AND SPECIFICATIONS

A. PURPOSE

To establish benefit assessments for the operation, maintenance and servicing, as defined in the 1972 Act, of street lighting systems in developed and developing land parcels in the City.

Facilities and Improvements:

The facilities and improvements within the District are defined as street light standards, their appurtenances and energy and maintenance costs to operate them. Street lighting systems in the District consist of Edison-owned lights as of the date of this report, as shown below:

Size of Lumens	Type	No. of Lights	Size of Lumens	Type of Light	Owner
5,800	Sodium Vapor	31 C.E.	5,800	Sodium Vapor	S.C.E.
9,500	Sodium Vapor	43 C.E.	9,500	Sodium Vapor	S.C.E.
16,000	Sodium Vapor	222 C.E.	16,000	Sodium Vapor	S.C.E.
22,000	Sodium Vapor	518 C.E.	22,000	Sodium Vapor	S.C.E.
Total		814			

Scope of Work:

Southern California Edison Company (S.C.E.) shall be the supplier of electrical energy for all of the above listed street lights as well as providing needed maintenance and replacements for those street lights owned by S.C.E. Costs for electrical energy and maintenance of S.C.E.-owned street lights shall be billed to the City by S.C.E. The City shall disburse payments to S.C.E. from the Special Fund established for the District. Costs incurred by the City for: administration, engineering, operations and other related requirements shall be paid from the District's Special Fund for those costs.

Changes or Modifications to the District:

Modifications to the District structure could include but are not limited to:

- Substantial changes or expansion of the improvements provided;
- Substantial changes in the service provided;
- Modifications or restructuring of the District including annexation or detachment of specific parcels;
- Revisions in the method of apportionment;
- Proposed new or increased assessments.

IV. FINANCIAL ANALYSIS

The 1972 Act provides that the total costs for providing the maintenance and servicing of the District facilities can be recovered in the assessment spread including incidental expenses. The latter can include engineering fees, legal fees, printing, mailing, postage, publishing and all other costs identified with the District proceedings. The 2013/2014 Fiscal Year expenditures for street lighting are estimated as follows:

Electricity	\$343,000
Telephone	0
Repair	20,000
Incidental Expenses	500
Assessment Engineer	6,500
Special Studies	0
Legal Services	1,200
Administration	<u>8,500</u>
Total Expenses	\$379,700

The revenues available are shown below:

Direct Benefit Assessments FY 2013/2014	\$134,520
General Fund Contribution	<u>245,180</u>
<u>Projected Total Revenues</u>	<u>\$379,700</u>

Note: The rate per AU (Assessment Unit) of \$27.38 has not increased from the prior year.

V. METHOD OF APPORTIONMENT OF ASSESSMENT

BENEFIT ANALYSIS

PROPOSITION 218 BENEFIT ANALYSIS

In conjunction with the provisions of the 1972 Act, the California Constitution Article XIIIID addresses several key criteria for the levy of assessments, notably:

Article XIIIID Section 2d defines District as follows:

“District means an area determined by an agency to contain all parcels which will receive a special benefit from a proposed public improvement or property-related service”;

Article XIIIID Section 2i defines Special Benefit as follows:

“Special benefit” means a particular and distinct benefit over and above general benefits conferred on real property located in the district or to the public at large. General enhancement of property value does not constitute “special benefit.”

Article XIIIID Section 4a defines proportional special benefit assessments as follows:

“An agency which proposes to levy an assessment shall identify all parcels which will have a special benefit conferred upon them and upon which an assessment will be imposed. The proportionate special benefit derived by each identified parcel shall be determined in relationship to the entirety of the capital cost of a public improvement, the maintenance and operation expenses of a public improvement, or the cost of the property related service being provided. No assessment shall be imposed on any parcel which exceeds the reasonable cost of the proportional special benefit conferred on that parcel.”

This District was formed to establish and provide for the improvements that enhance the presentation of the surrounding properties and developments. These improvements will directly benefit the parcels to be assessed within the District. The assessments and method of apportionment is based on the premise that the assessments will be used to construct and install lighting improvements within the existing District as well as provide for the annual maintenance of those improvements, and the assessment revenues generated by District will be used solely for such purposes.

The costs of the proposed improvements have been identified and allocated to properties within the District based on special benefit. The improvements to be provided by this District and for which properties will be assessed have been identified as an essential component and local amenity that provides a direct reflection and extension of the properties within the District which the property owners and residents have expressed a high level of support.

The method of apportionment (method of assessment) set forth in the Report is based on the premise that each assessed property receives special benefits from the lighting improvements within the District, and the assessment obligation for each parcel reflects that parcel's proportional special benefits as compared to other properties that receive special benefits.

To identify and determine the proportional special benefit to each parcel within the District, it is necessary to consider the entire scope of the improvements provided as well as the properties that benefit from those improvements. The improvements and the associated costs described in this Report, have been carefully reviewed and have been identified and allocated based on a benefit rationale and calculations that proportionally allocate the net cost of only those improvements determined to be of special benefit to properties within the District.

B. BENEFIT ANALYSIS

The methodology used fairly distributes the cost of the street lighting system in relation to the benefits received. For Fiscal Year 2013/2014, there are 3,980 parcels of property in the District, grouped into one of three benefit zones for assessment purposes. The District was originally established with five benefit zones (A through E) to distinguish variations in benefit. However, Zone C is no longer applicable. The five benefit zones originally established for the District include the following:

Zone A: Single family residential, whether detached or condominium. There are 3,814 parcels currently included in this zone.

Zone B: Commercial, industrial, churches, apartments, etc., either developed or in process of development. There are 133 parcels totaling 183.187 acres currently included in this zone.

Zone C: Parcels in the former Santa Fe Lighting District No. 1. This zone designation was originally established to distinguish specific non-residential parcels that were previously part of the Santa Fe Lighting District No. 1 and were annexed to this District. Originally, the assessments for these parcels included a temporary loan. The loan recoupment has been satisfied and these parcels are now included as part of Zone B.

Zone D: Parcels that have a recorded tentative or final map, but are not yet developed. There are no parcels currently included in this zone classification.

Zone E: Open space, street areas, or landscape strip parcels are considered to receive no benefit. There are 33 parcels within the District that are classified by this zone designation and are exempt from assessment.

The basic methodology of apportionment developed for this District in 1981/1982 is based on assessment unit. This methodology assigns each residential parcel in Zone A one assessment unit (AU). The relationship between residential parcels in Zone A and acreage parcels in Zone B was established at six to one ratio, based on general density figures for the City. Zone C originally designated parcels that were part of the former Santa Fe Street Lighting District No. 1. The assessments for parcels in Zone C originally included the conversion improvement costs associated with these parcels and was spread over a four year period. These conversion costs have been satisfied and the Zone C parcels are now included in Zone B. Zone C has been eliminated. Zone D designates parcels where the final tract of parcel maps have been approved and recorded, however, construction is not yet in progress. This zone is assessed at 30% of one assessment unit per parcel or proposed parcels based on the approved tract map, whichever is the greater of the two.

A summary of assessment unit (AU) calculations for maintenance, service and incidentals follows:

Zone A:	3,814 parcels	x	1.00	=	3,814.0000 AU
Zone B:	183.187 acres	x	6.00	=	1,099.1220 AU
Zone D:	0 Units	x	0.30	=	00.0000 AU
TOTAL					<u>4,913.1220 AU</u>

$$\text{Cost} = \$134,519.94 / 4,913.1220 \text{ AU} = \$27.38 / \text{AU}$$

Zone A Assessments

Each parcel is assessed at one assessment unit:

$$\$27.38 \times 1.00 = \$27.38 \text{ per parcel}$$

Zone B Assessments

Each acre is assessed at six assessment units:

$$\$27.38 \times 6.00 = \$164.28/\text{acre}$$

Zone D Assessments

Each unit or parcel (which ever is greater) is assessed at 0.30 assessment units:

$$\$27.38 \times 0.30 = \$8.20 \text{ per parcel or proposed parcel within the Tract}$$

VI. SUMMARY

AGENDA REPORT

TO: CITY COUNCIL

VIA: CITY ADMINISTRATOR

FROM: DIRECTOR OF PUBLIC WORKS

DATE: JUNE 4, 2013

SUBJECT: APPROVE EASEMENT DEEDS FOR THE GOLDEN STATE WATER COMPANY AND SOUTHERN CALIFORNIA EDISON FOR THE WELL DRAIN LINE AT KRAEMER PARK

FISCAL IMPACT: NONE

SUMMARY:

The Golden State Water Company (GSWC) plans to construct a new domestic water well and other on-site improvements located at 202 Wilson Avenue. As part of the well site development, underground pipeline work will be required. To facilitate the pipeline work, easements will be required for the GSWC pipeline and for power provided by Southern California Edison (SCE). This action approves an easement deed for the pipeline in favor of GSWC and a separate easement in favor of SCE.

RECOMMENDATION:

It is recommended that the City Council take the following action:

1. Authorize the City Administrator to sign subject Easement Deeds on behalf of the City.

DISCUSSION:

The GSWC presented building and site design information at community meetings conducted on November 14, 2012 and January 31, 2013 and to the Planning Commission on December 11, 2012 and February 12, 2013. The proposed water well will be approximately 1000 feet deep. The waterlines will be constructed and buried within existing City right-of-way. In addition, a 16-inch drain line will connect the well site to a public drain system. Two easements will be required for this project, one for GSWC and one for SCE. Both easements are necessary to provide for the installation, maintenance, and repair of underground pipeline and electrical conduit through Kraemer Park and at the northeastern corner of Chapman/Walnut.

Dear Committee Members and Members of the City Council:

It is with great regret that I inform you of my resignation of my appointment to the Veteran's Advisory Committee of the City of Placentia due to unfortunate timing of business related conflicts over the past 8 months.

Let it be known that I was very grateful and honored by the appointment and had high hopes and visions for this role. Unfortunately, my last deployment, in supporting national defense programs as the owner of a Defense Contracting Company, was unknowingly extended, thereby removing me from the state of California for 6 months. Upon my return, my business obligations have continued to impede my face-to-face participation in the committee meetings, to which I apologize.

If at any point in the future where I feel I may be of service and my commitments will allow me to do so, I would appreciate the opportunity again. I look forward to seeing you all in the community and wish you the very best in the Committee's future endeavors.

Warmest Regards,

AGENDA REPORT

TO: CITY COUNCIL
VIA: CITY ADMINISTRATOR
FROM: DIRECTOR OF ADMINISTRATIVE SERVICES AND COMMUNITY SERVICES
DATE: JUNE 4, 2013
SUBJECT: **CONSIDERATION TO APPROVE AN AGREEMENT FOR MEDIA PRODUCTION SERVICES**

FISCAL
IMPACT: EXPENSE: NOT TO EXCEED \$53,053 ANNUALLY (ACCOUNT NO. 441573-6099)
REVENUE: PUBLIC, EDUCATIONAL, AND GOVERNMENTAL (PEG) FUNDS

SUMMARY:

Empire Media Production, which is owned by Mr. Daniel Fenstermaker, has been providing media production services for the City since Fiscal Year 2011-12. Funding for this service has been allocated through the use of Public, Education, and Government (PEG) Funds. To assist Empire Media Production, the City has assigned a part-time Media Production Assistant. In an effort to improve cable and media operations, as well as to provide more flexibility, the City and Empire Media Productions have agreed to make the Media Production Assistant a contract position. This action approves a new agreement for media production services with Empire Media Production for a Media Production Coordinator and a Media Production Assistant.

RECOMMENDATION:

It is recommended that City Council take the following actions:

1. Approve a Consulting Services Agreement with Empire Media Production for Media Production Services; and
2. Authorize the City Administrator to execute agreement and extensions permitted therein on behalf of the City, in a form approved by the City Attorney.

DISCUSSION:

The City has been utilizing Empire Media Production since Fiscal Year 2011-12. Mr. Daniel Fenstermaker serves as the City's contractual Media Production Coordinator and has delivered media services in a high quality and professional manner. In an effort to assist with the City's media production needs, the City also has a part-time Media Production Assistant. This position is limited to working twelve (12) hours per week. Staff believes that converting this part-time position into a contracted position is prudent in that it offers the City more flexibility as they would work to provide contract services with the implementation of live broadcasting of City Council Meetings, special events, and various other special projects, moreover, because the Media Production Assistant utilizes his personal equipment and computer software to assist with our media production efforts and their schedule varies depending on

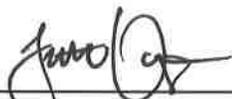

1.i.

the specific project assigned, the relationship the City has with this position is more contractual in nature. Unlike a City employee, a contract position allows the City to adjust the contract employee's schedule to reflect the level of work that is needed throughout the term of the agreement. If additional assistance is needed, the City can approve the additional time necessary to complete the assignment.

City Staff has discussed this arrangement with Mr. Fenstermaker and he is in agreement with the change. The contract amount for the Media Production Coordinator is proposed for an average of twenty-five (25) hours per week at \$31.21 per hour. In addition, the contract amount for the Media Production Assistant is proposed for an average of twelve (12) hours per week at \$20.00 per hour. The Fiscal Year 2013-14 Budget will appropriate \$53,053 of PEG Funds for professional services under the Administration, Cable and Web Services Division. The Statewide Franchise Agreement requires cable service providers such as Time Warner Cable and AT&T U-verse to assess a one-percent (1%) PEG Fee on their customers. The PEG Fee is provided to cities for equipment, contracted personnel, and capital improvements of cable and broadcast systems that are used to communicate information to the public. Funding for Media Production Services will come solely from PEG Funds. This change will reduce the General Fund expenditures by approximately \$9,200 per fiscal year.

Such records, together with supporting documents, shall be maintained for a period of three (3) years after receipt of final payment.

(b) Upon completion of, or in the event of termination or suspension of this Agreement, all original Documents notes, and other documents prepared in the course of providing the Services to be performed pursuant to this Agreement shall become the property of CITY and may be used, reused, or otherwise disposed of by CITY without the permission of CONSULTANT. Upon receipt of said notice, CONSULTANT shall immediately cease all work under this Agreement, unless the notice provides otherwise. If CITY suspends or terminates a portion of this Agreement, such suspension or termination shall not make void or invalidate the remainder of this Agreement.

(b) In the event this Agreement is terminated pursuant to this Section, CITY shall pay to CONSULTANT the actual value of the work performed up to the time of termination, provided that the work performed is of value to CITY. Upon termination of the Agreement pursuant to this Section, CONSULTANT will submit an invoice to the CITY pursuant to Section 3 and shall provide to CITY any and all Documents, whether in draft or final form, prepared by CONSULTANT as of the date of termination. CONSULTANT may not terminate this Agreement except for cause.

8. Default of CONSULTANT:

(a) CONSULTANT's failure to comply with the provisions of this Agreement shall constitute a default. In the event CONSULTANT is in default for cause under the terms of this Agreement, CITY shall have no obligation or duty to continue compensating CONSULTANT for any work performed after the date of default and CITY may terminate this Agreement immediately by written notice to CONSULTANT. If such failure by CONSULTANT to make progress in the performance of work hereunder arises out of causes beyond CONSULTANT's control, and without fault or negligence of CONSULTANT, the same shall not be considered a default.

(b) If the CONSULTANT is in default in the performance of any of the terms or conditions of this Agreement, the Administrator shall cause to be served upon CONSULTANT written notice of default. CONSULTANT shall have ten (10) calendar days after service of said notice in which to cure the default by rendering satisfactory performance. In the event that CONSULTANT fails to cure its default within such period of time, CITY shall have the right, notwithstanding any other provision of this Agreement, to terminate this Agreement without further notice and without prejudice to any other remedy to which it may be entitled at law, in equity or under this Agreement.

(b) In accordance with the provisions of California Labor Code Section 3700, every employer shall secure the payment of compensation to his employees.

CONSULTANT prior to commencing work, shall sign and file with CITY a certification as follows:

“I am aware of the provisions of § 3700 of the California Labor Code which require every employer to be insured against liability for workers’ compensation or to undertake self insurance in accordance with the provisions of that Code, and I will comply with such provisions before commencing the performance of the work of this Agreement.”

(c) CONSULTANT acknowledges and agrees that any actual or alleged failure on the part of CITY to inform CONSULTANT of non-compliance with any insurance requirement in no way imposes any additional obligations on CITY nor does it waive any rights hereunder in this or any other regard.

(d) CONSULTANT may effect for its own account insurance not required under this Agreement.

11. Indemnification: CONSULTANT shall defend, indemnify and save harmless CITY, its elected and appointed officials, officers, agents and employees (“Indemnities”), from all liability from loss, damage or injury to persons or property, including the payment by CONSULTANT of any and all legal costs and attorneys’ fees, in any manner arising out of the acts and/or omissions of CONSULTANT pursuant to this Agreement, including, but not limited to, all consequential damages, to the maximum extent permitted by law. In furtherance thereof, CONSULTANT agrees as follows:

(a) Indemnification for Professional Liability. Where the law establishes a professional standard of care for CONSULTANT’s Services, to the fullest extent permitted by law, CONSULTANT shall defend, indemnify, protect and hold harmless the Indemnities from and against any and all claims, charges, complaints, liabilities, obligations, promises, benefits, agreements, controversies, costs, losses, debts, expenses, damages, actions, causes of action, suits, rights, and demands of any nature whatsoever, to the extent same are caused or contributed to in whole or in part whether actual or threatened which relate to or arise out of negligence, recklessness or willful misconduct by CONSULTANT, its officers, agents, employees or subcontractors (or any entity or individual that Consultant shall bear the legal liability thereof) in the performance of professional services under this Agreement without regard to whether such Claims arise under federal, state, or local constitutions, statutes, rules or regulations, or the common law.

(b) Indemnification for Other than Professional Liability. In addition to indemnification related to the performance of professional services and to the full extent permitted by law, CONSULTANT shall further indemnify, protect, defend and hold harmless the Indemnities from and against any liability (including Claims) where the same arise out of, are a consequence of, or are in any way attributable to, in whole or in part, the performance of this Agreement by CONSULTANT or by any individual or entity

for which CONSULTANT is legally liable, including but not limited to officers, agents, employees or subcontractors of CONSULTANT.

(c) **General Indemnification Provisions.** CONSULTANT agrees to obtain executed indemnity agreements which indemnify, protect, defend and hold harmless the Indemnities from liability, with provisions identical to those set forth here in this Section 9 from each and every subcontractor or any other person or entity involved by, for, with or on behalf of Consultant in the performance of this Agreement. In the event Consultant fails to obtain such indemnity obligations from others as required, this failure shall be a material breach of this Agreement, and Consultant agrees to be fully responsible according to the terms of this entire Section 10. CITY shall have no obligation to ensure compliance with this Section by CONSULTANT and failure to do so will in no way act as a waiver. This obligation to indemnify and defend is binding on the successors, assigns or heirs of Consultant, and shall survive the termination of this Agreement or this Section.

(d) **Obligation to Defend.** It shall be the sole responsibility and duty of CONSULTANT to fully pay for and indemnify the Indemnities for the costs of defense, including but not limited to attorney's fees and costs, for all Claims against CITY and the Indemnities, whether covered or uncovered by CONSULTANT's insurance, against the CITY and/or the Indemnities which arise out of any type of omission or error, negligent or wrongful act, of CONSULTANT, its officers, agents, employees, or subcontractors. 12. Assignment: No assignment of this Agreement or of any part or obligation of performance hereunder shall be made, either in whole or in part, nor any monies due hereunder, by CONSULTANT without the prior written consent of CITY.

13. Licenses/Certifications: At all times during the term of this Agreement, CONSULTANT shall keep and maintain, in full force and effect, all licenses or certifications required of CONSULTANT by law for the performance of the Services described in this Agreement.

14. Legal Responsibilities:

(a) **Legal Requirements.** CONSULTANT shall keep itself informed of applicable State and Federal laws and regulations which in any manner affect those employed by it or in any way affect the performance of its service pursuant to this Agreement. CONSULTANT shall at all times observe and comply with all such applicable laws and regulations. Neither CITY, nor its elected or appointed officers, employees or agents shall be liable at law or in equity occasioned by failure of CONSULTANT to comply with this Section.

(b) **Non-liability of City Officers and Employees.** No elected or appointed officer, official, employee or agent of CITY shall be personally liable to CONSULTANT,

CONSULTANT agrees to cooperate fully with CITY and to provide the opportunity to review any response to discovery requests provided by Consultant. However, CITY's right to review any such response does not imply or mean the right by CITY to control, direct, or rewrite said response.

INSURANCE REQUIREMENTS FOR CITY CONTRACTS

Instructions to Contractors/Vendors/Service Providers:

Prior to commencing any work, all contractors, vendors and service providers shall procure and maintain, at their own cost and expense for the duration of their contract with the City, appropriate insurance against claims for injuries to persons or damages to property which may arise from or in connection with the performance of the work or services. **Any insurance proceeds available to City in excess of the limits and coverage required in this Agreement and which is applicable to a given loss, will be available to City.**

Proof of compliance with these insurance requirements, consisting of certificates of insurance evidencing all of the coverages required and an additional insured endorsement to the required general liability policy, shall be delivered to City at or prior to the execution of the contract. In the event such proof of any insurance is not delivered as required, or in the event such insurance is canceled at any time and no replacement coverage is provided, City has the right, but not the duty, to obtain any insurance it deems necessary to protect its interests under the contract and to pay the premium. Any premium so paid by City shall be charged to and promptly paid by the contractor, vendor or service provider or deducted from sums due the contractor, vendor or service provider, at City's option.

The types of insurance required and the coverage amounts are specified below:

A. Minimum Scope of Insurance Required

1. **General Liability Insurance** is required whenever the City is at risk of third-party claims which may arise out of work or presence of a contractor, vendor and service provider on City premises. At a minimum this policy shall:

- be written on a per occurrence basis; and
- include products and completed operations liability, independent contractors liability, broad form contractual liability, and cross liability protection.
- **General Liability Insurance shall be provided using Insurance Services Office "Commercial General Liability" policy form CG 00 01 or equivalent as approved by Risk Manager. Defense costs must be paid in addition to limits. There shall be no cross liability exclusion for claims or suits by one insured against another.**

2. **Automobile Liability Insurance** is required only when vehicles are used by a contractor, vendor or service provider in their scope of work or when they are driven off-road on City property. Compliance with California law requiring auto liability insurance is mandatory and cannot be waived. At a minimum this policy shall:

- be written on a per occurrence basis;
- include coverage for Bodily Injury and Property Damage, Owned, Non-owned and Hired Vehicles; and
- include coverage for owned, non-owned, leased and hired vehicles.
- **Automobile Liability Insurance shall be on ISO Business Auto Coverage form CA 00 01, including symbol 1 (Any Auto), or equivalent as approved by the Risk Manager.**

If an automobile is not used in connection with the services provided by the contractor, vendor or service provider, a written request to waive this requirement must be made to the Risk Manager.

3. **Workers' Compensation and Employer's Liability Insurances** is required for any contractor, vendor or service provider that has any employees at any time during the period of this contract. Contractors with no employees must complete a Request for Waiver of Workers' Compensation Insurance Requirement form available from the City's Risk Manager. At a minimum, this policy shall:

- provide statutory requirements of the State of California; and
- include \$1,000,000 Employer's Liability.

4. **Errors and Omissions (if applicable)** coverage is required for licensed or other professional contractors doing design, architectural, engineering or other services that warrant such insurance. At a minimum this policy shall:

- cover liability for malpractice or errors and omissions made in the course of rendering professional services.
- **be written on a policy form coverage specifically designed to protect against acts, errors or omissions of the consultant and "Covered Professional Services" as designated in the policy must specifically include work performed under the contract. The policy must "pay on behalf of" the insured and must include a provision establishing the insurer's duty to defend. The policy retroactive date shall be on or before the effective date of the contract.**

B. Minimum Limits of Insurance Coverage Required

Under \$25,000	Limits TBD by Risk Manager
Over \$25,000 to \$5,000,000	\$1 Million per Occurrence/\$1 Million Aggregate
Over \$5 Million	Limits TBD by Risk Manager

Umbrella excess liability may be used to reach the limits required by the specific contract.

Excess or Umbrella Liability Insurance (Over Primary) if used to meet limit requirements, shall provide coverage at least as broad as specified for the underlying coverages. Any such coverage provided under an umbrella liability policy shall include a drop down provision providing primary coverage above a maximum \$25,000 self-insured retention for liability not covered by primary but covered by the umbrella. Coverage shall be provided on a “pay on behalf” basis, with defense costs payable in addition to policy limits. Each such policy shall contain a provision obligating insurer at the time insured’s liability is determined, not requiring actual payment by the insured first. There shall be no cross liability exclusion precluding coverage for claims or suits by one insured against another. Coverage shall be applicable to City for injury to employees of contractor, vendor or service provider, subconsultants, subcontractors or others involved in the work. The scope of coverage provided is subject to approval of City following receipt of proof of insurance as required herein.

Additional insurance requirements may be imposed by the City for services or products that have a higher risk. Refer to the City’s Risk Manager for information of the insurance requirements for the following types of services or products:

All certificates and endorsements are to be received and approved by the City before work commences. All certificates of insurance must be authorized by a person with authority to bind coverage, whether that is the authorized agent/broker or insurance underwriter.
