WE NEED YOU!

Every month, approximately 2,100 children live in out-of-home care in Orange County. Too many of our children who have experienced abuse or neglect are without a parent or a caregiver and are without a place to call home. The truth is only about 50 percent of children who do not find a permanent home will complete high school, 40 percent will depend on some form of public assistance, 25 percent will be homeless, and many will become involved with drugs and crime. You can help change these statistics!

Orange County is in need of resource families who are willing to foster or adopt children in crises. Together, let's meet the challenge and provide the home, the compassion and the safe place that all of our children deserve. Let's foster together! For more information on becoming a resource family, visit www.oc4kids.com or call the OC4KIDS Hotline at (888) 871-5437.

Do you know what to do in the event of a disaster? Do you know how to prepare before a disaster occurs? If the answer to these questions is No, come join CERT. CERT Training is FREE and open to anyone interested in learning about how they can be an effective responder in their community. In this 20-hour curriculum approved by the Federal Emergency Management Agency (FEMA), participants will learn how to:

- Identify and anticipate hazards in the community
- Reduce fire hazards in the home and workplace
- Extinguish small fires
- Assist emergency responders
- Set up medical treatment areas
- Provide disaster first aid
- Help reduce survivor stress

PLACENTIA COMMUNITY FOUNDATION

The City of Placentia formed the Placentia Community Foundation as a 501(c)(3) California non-profit public benefit corporation in 2009. The Placentia Community Foundation is designed to assist, promote and sponsor programs in the City of Placentia that further civic pride and enhance the community's cultural, recreational, social and historical interests. The Placentia Foundation has a collaborative leadership team comprised of community volunteers, and city staff. As a non-profit, the foundation's mission will support other non-profit organizations.

Donations made to the Placentia Community Foundation are completely tax deductible. Gifts may be cash, non-cash assets, or in-kind donations including property and negotiable securities. Financial oversight and disclosure of the donor records and disbursements are available for public viewing upon request. VETERANS MONUMENT COMMUNITY - WIDE FUNDRAISER

The Veterans Advisory Committee was essential in the establishment of the Veterans Monument in 1994 to honor residents who have served or are currently serving in the armed forces. Twenty-two years later, the Veterans Monument, located in the Civic Center Complex, is reaching its capacity and is in need of expansion to accommodate future names of those that have served, are currently serving, or have paid the ultimate sacrifice in serving our Country. The Committee has embarked upon a community-wide fundraiser to raise the necessary funds to build two new panels for the Veterans Monument. For more information on the fundraiser or the Veterans Advisory Committee and their programs, please visit www.placentia.org/veterans or call (714) 993-8117.

PLACENTIA AVENUE REHABILITATION PROJECT

On February 7th, the City Council awarded a construction contract for the Placentia Avenue Rehabilitation Project. This is a joint project with the City of Fullerton that will completely reconstruct Placentia Avenue between Chapman Avenue and Ruby Drive. The project will remove the existing asphalt pavement, reconstruct and compact the road base, replace broken concrete gutters and sidewalks and will reconstruct curb ramps to meet current ADA standards.

The City received a \$500,000 grant from the Federal Government under the Arterial Pavement Management Plan Program for this project. The balance of the construction cost will be funded in part by the City of Fullerton, as well as the City of Placentia's Measure M Funds.

The nature of this project will result in traffic congestion and delays around the project site. The project is tentatively scheduled to begin the first week of June as the start was delayed to minimize traffic impacts related to school traffic generated by Cal State Fullerton. As such, significant public outreach will be needed before and during the course of construction of this project.

The City of Fullerton has retained the services of a public relations firm that will oversee the public outreach and notification effort. Project post cards and fact sheets will be distributed to residents and business located along Placentia Avenue beginning in late April and they will follow up with them verbally (door to door). The consultant will also create a project website and a project hotline to provide residents and businesses with multiple options to contact the project team with any questions or problems that may arise during the course of construction.

The City will be sure to provide timely information during this project to keep the public aware of our progress and any emerging issues during construction. Should you have any questions regarding this project, please feel free to contact Luis Estevez at (714) 993-8120.

BACKS COMMUNITY CENTER RENOVATION PROJECT

The City recently completed renovations to the Backs Community Center located at Kraemer Memorial Park. The renovations entailed reconstruction of the restrooms to provide Americans with Disabilities Act (ADA) compliant restrooms as well as an ADA compliant primary path of travel into the building. Some of the improvements included new entry doors, tile flooring, and interior paint. The restrooms feature automated low flow toilets and faucets, waterless urinals and electric hand dryers. The Backs Community Center is the most heavily rented facility in the City and we're excited to be able to provide a newly renovated facility for the community's use and enjoyment. The project was funded with a combination of Federal Community Development Block Grant Funds and developer paid park-in-lieu fees. If you would like additional information on how to rent this facility, please contact the Community Services Department at (714) 993-8232.

GOLDEN AVENUE BRIDGE REPLACEMENT PROJECT

The City Council recently awarded a contract to Biggs Cardosa and Associates for the design and environmental permitting of the Golden Avenue Bridge Replacement Project. The City received approximately \$2.7 million in Federal Highway Bridge Program dollars to replace this bridge that was originally built in 1934. The bridge was rated as functionally obsolete by Caltrans in 2005 due to its narrow width. The bridge narrows down to two lanes and there are no sidewalks or bike lanes on either side of the bridge. Golden Avenue Bridge crosses over Carbon Canyon Channel which will require the project to undergo significant Federal and State environmental review and analysis and will require the design team to coordinate the design of the new bridge with multiple regulatory agencies as well as the Orange County Flood Control District.

The City's bridge project also happens to intersect with the OC Loop Project. The OC Loop Project is a proposed 66-mile County-wide recreational trail loop. The Orange County Parks Department (OC Parks) is currently pursuing a project to close several trail gaps in the loop. The Segment D gap in the trail loop runs through the City of Placentia and its proposed route would be constructed along Carbon Canyon Channel. Segment D intersects with Golden Avenue and the bridge.

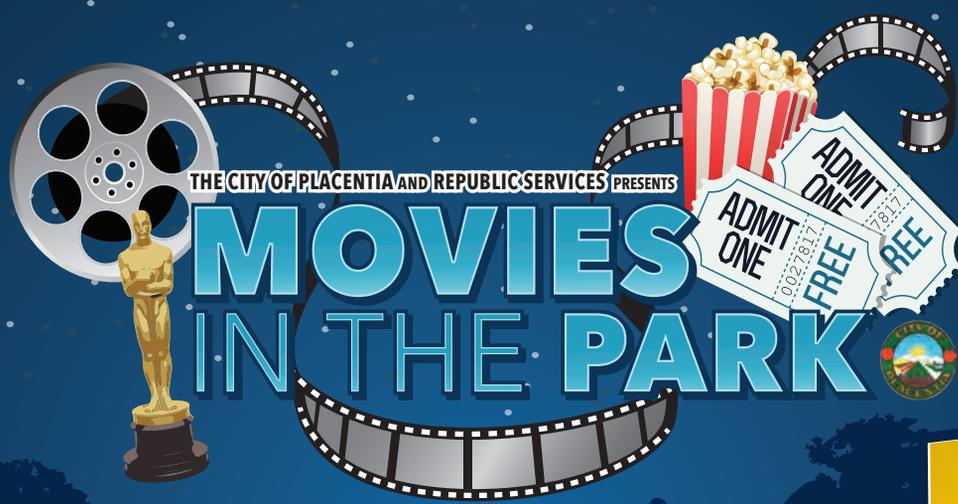

Golden Avenue currently has Class II bicycle lanes between Imperial Highway and its terminus at Tri City Park. This project presents an opportunity to link the City's bicycle facilities on Golden Avenue to a much larger regional recreation and bicycle facility to provide residents with new trail and recreational facilities. The design and environmental permitting for the bridge project is expected to take approximately 2 years to complete. Staff anticipates construction to begin in the third quarter of 2019.

A MESSAGE FROM THE CITY ADMINISTRATOR

We are pleased to report that Michael Nguyen, a former employee of the City of Placentia's Finance Department, plead guilty for his role in the embezzlement and misappropriation of \$5.16 million of public funds. During a pretrial hearing on March 3, Mr. Nguyen accepted the court's offer of 25 years in federal prison, by admitting to committing dozens of felonies including numerous counts of embezzlement and money laundering. He has agreed to pay approximately \$10 million in fines and \$2.6 million in restitution to the City of Placentia.

Herbert Trotter, 45, from Beverly Hills, was arrested on March 27 in connection to Mr. Nguyen's crimes. Mr. Trotter has been arraigned and charged with 14 felony counts of misappropriation of public funds and 14 felony counts of money laundering, with sentencing enhancement allegations for theft, aggravated white collar crime, property damage, and money laundering. If convicted, Trotter faces a maximum sentence of 37 years and four months in state prison.

The City of Placentia continues to work closely with the Orange County District Attorney's Office to prosecute the offenders and recover the stolen funds. The City has successfully received \$1 million from an insurance claim filed, bringing the City's total recovery of embezzled funds to \$4.16 million. We believe the arrests and prosecution of these individuals sends a clear message that these types of activities will not be tolerated. We are grateful for the District Attorney's Office aggressive efforts to investigate and pursue justice for the residents of Placentia. We will continue to keep you updated as more positive developments unfold. The City has established a fraud hotline and implemented additional financial controls that exceed municipal standards, many of which are being adopted by other municipalities.
