RIBBON CUTTING CEREMONY HELD FOR PARQUE DEL ARROYO VERDE

The City recently held a ribbon-cutting ceremony at Parque del Arroyo Verde to celebrate the grand re-opening of the newly renovated park at 1011 E Palm Drive.

Parque del Arroyo Verde is the fifth park in the City to be upgraded and themed through the City's newly created Placentia Parks Initiative. The renovation project included several expanded play lots, a new walkway layout, a picnic pavilion, a bocce ball court, a zip line apparatus, parking lot improvements, and new irrigation and landscaping. Additionally, the three-play space layout expanded the park's core design and added additional park amenities. As part of the Placentia Parks Initiative, the park features a custom "adventure" theme, making it a destination park for families to enjoy.

The City Council approved the Placentia Parks Initiative Plan on June 1, 2021, as a comprehensive master list of park and building projects. Projects were prioritized by safety, age of equipment, and funding sources. City park renovation projects are funded through State Grants, Development Impact Fees, or Measure U funding.

Through this Initiative, the City is investing \$6.2 million into City parks and facilities, making it the largest investment in the last 25 years for Placentia parks and facilities. The City will also be creating a parks and public facilities master brochure for residents to identify each park and the amenities it has available. In addition, through the Placentia Parks Initiative, parks will also have new amenities such as picnic tables, barbecues, benches, water fountains, and trash/recycling receptacles for residents to enjoy.

For more information on the Placentia Parks Initiative, contact the Community Services Department at (714) 993-8232.

STAY CONNECTED WITH US!

The City of Placentia strives to keep residents and businesses informed and engaged. As such, the City offers a number of avenues for connectivity, ensuring that everyone has an opportunity to be informed, involved, and empowered.

From emergency alerts to city updates and community news, Placentia utilizes various platforms to disseminate information effectively. One such platform is Nixle, a service that allows residents to opt in to receive alerts and notifications directly to their phones. By simply texting '92870' to '888-777', individuals can stay informed about emergencies, traffic updates, road construction and closures, and essential community news with ease.

Additionally, the City offers the iPlacentia app to enhance accessibility and convenience. Through this user-friendly app, residents can report issues within the city, such as graffiti, potholes, dead animals on the road, and more. Residents can also access the latest news, apply for jobs, renew business licenses, and much more. The iPlacentia app serves as a centralized hub for all things Placentia, empowering users to engage with city services efficiently.

For those who prefer traditional means of communication, the City website, www.placentia.org, provides a wealth of information and resources. Residents can explore city services, access important documents, and stay up-to-date with the latest developments within the community. The website serves as a valuable resource for individuals seeking information about Placentia's offerings and initiatives.

Placentia is also active on social media, including X, Instagram, Facebook, LinkedIn, and YouTube. Through these channels, residents can connect with the City and get information on upcoming events and City news.

The City also utilizes PulsePoint, an app that provides life-saving information in real-time. With PulsePoint, residents can receive notifications about emergencies happening in their vicinity, empowering them to respond swiftly and effectively in critical situations.

Whether you prefer texts, apps, websites, or social media, the City of Placentia has a communications avenue for all.

CITY WINS HEALTHY PLAY INITIATIVE AWARD AT CPRS CONFERENCE

The City of Placentia is excited to announce that it recently received the Healthy Play Initiative Award as part of the "Parks Make Life Better" campaign at the 2024 California Parks and Recreation Society (CPRS) Conference. The recognition is presented collaboratively by CPRS, PlayCore, and GameTime.

Placentia stood out among other cities, being the only one in the State to receive recognition for three National Demonstration Site playgrounds at Koch Park, Tuffree Park, and Parque De Los Ninos. Placentia now has three of the thirty-five National Demonstration Playground sites in California located within its community. The recognition by CPRS, PlayCore, and GameTime highlights Placentia's commitment to creating vibrant outdoor play and recreation environments for its residents.

Please also note if your entire street or community was missing.

We are actively working with Republic Services to improve services in the City. To learn more about waste collection services in the City, please visit www.placentia.org/solidwaste.

CITYWIDE STREETLIGHT LED CONVERSION PROJECT

As part of the City's Five-Year Strategic Plan, the City Council recently approved a citywide Streetlight LED Conversion Project in partnership with Southern California Edison (SCE) to convert existing streetlights with new energy-efficient light-emitting diode (LED) lights citywide. The City and SCE will be replacing 3,459 SCE-owned streetlights in the City with LED fixtures using SCE's LS-1 Option E program.

Since June 1, 2016, SCE has offered the LS-1 Option E Program which is a turn-key program for local governments to replace aging HPSV "cobra head" streetlights with new, more efficient LED streetlights. Through this program, the City will not have any upfront costs for this project and the costs are amortized through energy savings over a 20-year period with zero interest. As a result, the City will realize an annual energy cost savings of approximately \$157,580 for the first 20 years. This equates to cumulative savings of \$3,157,000 over 20 years.

The project entails the conversion of all 3,459 SCE-owned streetlights to LED. Out of the 3,459 SCE-owned streetlights, 537 are decorative Mission Bell style, which are located on all arterial streets of the City. Under this project, these streetlights will be replaced with standard cobra head LED fixtures to maintain lighting uniformity throughout the City's streetlight system. This project has the following benefits improved visibility, longer light life, reduced maintenance, fewer outages, and a significant reduction of electricity needed to power streetlights citywide, resulting in energy and cost savings. The project is expected to begin late Summer 2024 and be completed by the end late Fall 2024.

If you are an HOA and would like to convert the SCE-owned streetlights to LED on your private streets, you may be eligible to participate in SCE's LS-1 Option Program. For more information on this program, please contact SCE Manager of Street Lights, John King at john.king@sce.com.

The City will provide future updates and information before the project begins. For questions or information on this project, please contact Elsa Robinson, Senior Management Analyst at erobinson@placentia.org.

PREPARE FOR THE SUMMER HEAT

Heat is one of the deadliest weather hazards. Prepare yourself and your family for extreme heat events with these safety tips:

1. Stay informed by checking local news and weather forecasts for extreme heat alerts
2. Locate local cooling centers
3. Assess your risk to find out if you are at a higher risk for heat-related illness:
 - Older adults who are 65 years or over
 - Young children
 - People with chronic health conditions, disabilities, or who are pregnant
 - Workers who are exposed to heat and/or direct sunlight for prolonged periods of time
 - Prepare by making a plan, moving to a cooler place, and knowing the signs of heat-related illness

In times of extreme heat, remember to:

1. Stay Cool
2. Stay Hydrated
3. Look after each other by checking in with family & friends

PULSEPOINT RESPONSE

Each day, nearly a thousand people die from sudden cardiac arrest. The PulsePoint app was originally created to help increase chances of survival for those experiencing sudden cardiac arrest (or SCA). The app allows trained users to be notified of cardiac incidents taking place in public places where a user may arrive onsite before first responders can arrive to the scene. You can now follow Placentia Fire & Life Safety on PulsePoint!

PulsePoint users can also see real time incidents and locate the Placentia Fire & Life Safety units in the City. The free app is available on the Apple App Store or the Google Play Store.

GET THE APP. SAVE A LIFE.

Sudden Cardiac Arrest (SCA) is a leading cause of preventable death. The PulsePoint app alerts bystanders—like you—who can help victims before professional help can arrive.

PulsePoint alerts you to nearby people in need. For every minute that passes before help arrives, SCA survival decreases by 7%-10%. It's like an amber alert for SCA victims.

UPDATE ON SB 1383 ORGANICS RECYCLING PROGRAM

The City of Placentia, along with every city in the state of California, is required by State law to implement enforcement compliance with both recycling and organic waste recycling programs. California Senate Bill 1383 (SB 1383) requires reductions of organic waste in landfills as part of a greater plan to reduce emissions of short-lived climate pollutants. Organic waste includes food waste such as vegetables, fruits, cooked meats scraps, dairy, bread, pasta, rice, grains, eggshells, coffee grounds, tea bags, plate scraps, food-soiled paper (i.e., used pizza boxes), and yard waste such as tree trimmings, grass clippings and leaves, and nonhazardous wood waste. SB 1383 establishes targets to achieve a 50% reduction in statewide disposal of organic waste from the 2014 level by 2020 and a 75% reduction by 2025.

The City continues to negotiate with Republic Services on a new Citywide Organics Recycling Program to meet the requirements of SB 1383. The City and Republic Services will provide further information to residents once a program has been approved. Currently, there is no change to the bins and waste disposal process for Placentia single-family residents. Hamer Island residents are the exception, since their organics recycling program started in July 2023. Organics recycling services are available to businesses now. To enroll, please contact Republic Services at (714) 238-3300. To learn more about SB 1383, visit the City's website: www.placentia.org/sb1383. For SB 1383 or waste-related support, please contact (714) 993-8123 or recycling@placentia.org.

VACATION HOME CHECKS ARE BACK!

We are pleased to announce that our VIP's (Volunteers in Policing) will be available to perform Vacation Home Checks for residents of Placentia. To request this FREE service, please complete the online form available on our website, www.placentia.org/police at least 5 days prior to your trip. One of our VIP's will contact you to complete the arrangements.

For further information or any questions, contact Kelley Krahling at kkrahling@placentia.org or (714) 993-8179.

PLACENTIA PD HAS PARTNERED WITH THE HOPE CENTER

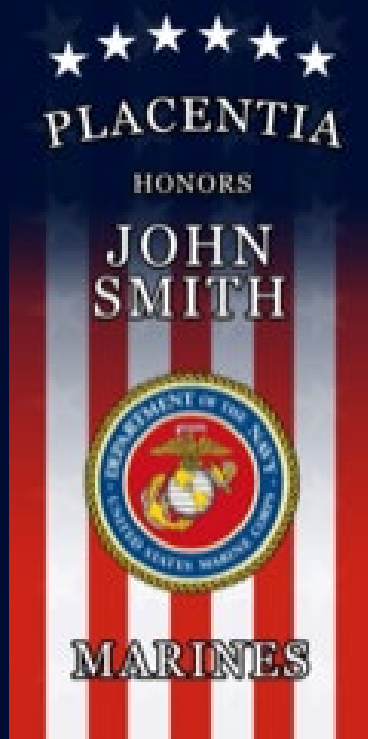

The Hope Center is designed as a centralized hub for service workers and specialized resources to respond in real time to street homelessness. The goal is to align homeless outreach efforts and strategies to increase efficiency and provide more reliable relief and consistent support to individuals experiencing homelessness in North Orange County and assist them from the street to housing. At the same time this will reduce the number of calls to 9-1-1 and allow our officers to respond to the calls that are true emergencies and require a police response.

The Hope Center mantra is, "Right People, Right Resources, Right Now." Placentia joins Fullerton, Brea, Buena Park, and Stanton as part of this new program, and additional cities will be coming onboard in the near future.

Currently the Hope Dispatch Center, (657) 243-1884, is open Monday-Friday from 7:30 a.m. to 5:15 p.m. and takes messages during times they are not open. After-hours requests will be followed up during hours of operation.

You may see the Hope Center outreach vans and Homeless Liaison Officers in our city as we integrate with them to have non-emergent homelessness issues solved by them, instead of the Police Officers within the Police Department.

Individuals can call the Hope Center Dispatch line at (657) 243-1884, to report any non-emergent homeless concerns.

THE PLACENTIA MILITARY BANNER RECOGNITION PROGRAM

The Placentia Military Banner Recognition program is now accepting applications for the 2024 installation.

The program, known as Placentia "Hometown Heroes," honors and recognizes Placentia residents currently serving as active-duty or honorably discharged veterans in the United States Armed Forces. Branches of service include Air Force, Army, Coast Guard, Marines, National Guard, Navy, and Space Force. Honorees must have a current place of residence in Placentia or have an immediate family member (parent, spouse, son, daughter, grandparents) residing in Placentia.

The banner will be installed along Kraemer Boulevard and Yorba Linda Boulevard based on the City's discretion and will remain on display for two years. Upon the end of the display period, the banner will be given to the person named on the banner application.

Applications are currently being accepted through October 21st, allowing time for the banners to be ordered and installed during the month of November. The cost to display each customized banner is \$260, and each service person is allowed one banner.

Applications are available on our website www.placentia.org/militarybanner and can be submitted to the Placentia Police Department. If you have questions, contact Kelley Krahling (714) 993-8179 or kkrahling@placentia.org.

VOLUNTEERS IN POLICE SERVICES

Our Volunteers in Police Services (VIPS) program is rebooting and looking for more volunteers. Our VIPS provide valuable services to our Police Department and our community. This year, our VIPS will be offering a new YANA (You Are Not Alone) program to individuals and seniors who need regular check-ins and communication. This is those living alone, and/or without nearby family, who would appreciate someone checking on their welfare. This program is designed to provide a sense of security and well-being. The VIPS may identify any needs for other services and can help with referrals to other agencies.

Our VIPS will also be offering Vacation Home checks, to keep an eye on your home when you are away for extended periods of time.

For more information on becoming a VIP, please contact Kelley Krahling at kkrahling@placentia.org.

PLACENTIA'S "EXPAND THE FOREST" PROGRAM

The City of Placentia is still accepting applications for its Expand the Forest Program! This program, adopted as part of the City's Urban Forest Management Program, allows residents to purchase and dedicate a tree to commemorate a loved one or special event. Planting a tree in a City Park is a special way to honor a loved one and provides a gift to the whole community by contributing to the expansion of the City's Urban Forest. A dedication tree can be planted in a City Park, and potential tree sponsors can use a Park map to identify their preferred park and planting location(s).

The cost to purchase and plant a tree will be funded by the tree sponsor and is based on the current contract price paid by the City for 24-inch box trees. The current cost is \$390 for an Expand the Forest tree. Once a location is selected, and payment for the tree has been received, the City will arrange to have the tree planted

by the City's landscape maintenance contractor, with or without the sponsor(s) in attendance, depending on their preference. Once planted, the City will assume maintenance responsibilities to care for the tree. The tree sponsor(s) will receive a certificate signed by the Mayor in appreciation of their tree sponsorship and be acknowledged in the City's quarterly Palm Newsletter.

Residents can participate by completing an Expand the Forest Program application and submitting it to the Public Works Department via email at urbanforest@placentia.org or in-person at 401 E. Chapman Avenue, Placentia, CA 92870. The application is available online at www.placentia.org/urbanforest and at City Hall. For more information on the Expand the Forest Program, please contact us at (714) 993-8148 or urbanforest@placentia.org.
