

**Notice of Availability and
Intent to Adopt a Mitigated Negative Declaration
for City of Placentia's
Golden Avenue over Carbon Canyon Creek Channel
Bridge Replacement Project**

The City of Placentia has prepared an Initial Study for the Golden Avenue over Carbon Canyon Creek Channel Bridge Replacement Project, which recommends that a Mitigated Negative Declaration (MND) be issued, and the City has authorized the release of the proposed Mitigated Negative Declaration for public review and comment for the above project.

The City of Placentia (City), in cooperation with the California Department of Transportation (Caltrans), is proposing to replace the existing Golden Avenue Bridge over Carbon Canyon Creek Channel in the City of Placentia, Orange County, California. The project area is near the border between the cities of Placentia and Yorba Linda, and is located to the east of California Street, west of Rose Drive, north of Brooklyn Avenue, and south of Chicago Avenue and Imperial Highway/State Route (SR-) 90. The project limits would extend 200 feet from each end of the existing bridge, and 75 feet upstream and downstream of the bridge.

A copy of the Initial Study can be reviewed at the City's office listed below or on our website at www.placentia.org/index.aspx?NID=776. The period of review will be from April 2nd, 2018 to May 1st, 2018. Written comments on the Initial Study should be submitted to Mr. Joseph Lambert at the address listed below no later than 6:00 p.m. on May 1st, 2018.

Any parties that comment on this proposed Mitigated Negative Declaration will be notified of the meeting date where the adoption of the MND will be considered. The technical and environmental issues related to this project may be discussed at this meeting. Please contact Mr. Joseph Lambert if you have questions regarding the City's review process for considering the Mitigated Negative Declaration.

Mr. Joseph Lambert
